## HD Vessel Recording System

Blue Box IP is the latest innovation from IMS. Using network technology we give vessel owners, operations, safety and claims the ability to see the entire vessel operation.

10 years of evolution has brought towing companies increased safety/training videos and reduced costly incident investigation time.

## Vessel Operations Training/Safety Claims

Inputs	24 HD 1080P Camera Inputs 3 VHF Inputs 2 Analog Radar Inputs 2 Digital Radar Inputs GPS Module Input (NMEA0183) AIS Module Input (NMEA0183) 2 HD PC Record Inputs (License Required)
Outputs	HDMI (audio/video) VGA (Video Only) eSATA Port (Increased Data Time) RS232/RS485 (Comm/PTZ Cameras) 2 USB Ports (front/rear)
PoE	Embedded 16 Port PoE Switch
Alarms	SNMP, Email, Logging, Snapshot
Dimentions	24" x 30" x 8"
Weight	65 Lbs
Power	115VAC 8 Amps (Embedded AC Line Conditioner)
